

Minim Home Mesh

The self-optimizing whole home managed WiFi solution for the connected home, powered by Minim.

A few key features:

- ✓ Guided in-app WiFi system setup
- ✓ Router and access point management
- ✓ Connected device insights
- ✓ IoT and network-level security
- ✓ Parental Controls
- ✓ Bandwidth usage monitoring
- ✓ Signal strength tracking
- ✓ Network speed testing

WiFi Spec

- 2.4 GHz and 5GHz (Dual Band Concurrent)
- IEEE 802.11a/b/g/n/ac
- 2x2 MIMO (Multi Input and Multi Output)

Transmission rate

- **2.4GHz:** 400 Mbps (802.11n, 40MHz)
- **5 GHz:** 867Mbps (802.11ac, 80MHz)

Operator management + protocols

- Wl1 802.11an AND Wl1 802.11ac
- Wl2 802.11bgn
- OpenWrt/LEDE pre-installed
- DHCP default protocol
- Power over Ethernet (PoE) support
- VPN client / server

Physical interfaces

- 1 WAN Ethernet port
- 2 LAN Ethernet ports
- 1 USB 3.0 port
- **Button:** Reset
- **Light:** Wireless status, Mesh LED, Power supply
- **Antennas:** Internal
- Power port
